MOUs with OGDs

18 January 2007

BOARD PAPER REFERENCE – GLA13/8.4 – MOUs WITH OGDs

Issue

1. The GLA depends fundamentally on the exchange of information with OGDs. Draft MOUs to facilitate this were drawn up by the GLA and circulated for comment and agreement well over a year ago. Although working arrangements have been in place since April 06, the MOUs are still not all signed.
2. The OGDs involved are represented on the GLA Board. It would not be unreasonable to invite those representatives to explain the delay in getting the MOUs signed.

Recommendation

3. That the Chairman invite the representatives of those Departments whose MOU with the GLA is unsigned on 18 Jan 07, to explain the delay and to indicate when the signing might take place.
